hand made

Al valore intrinseco dei vetri-cristalli italiani,
fatti a mano e soffiati a bocca, si aggiunge la qualità,
l'eccellenza e la preziosità delle molteplici forme del metallo
arricchite da pietre gioiello, swarovski e zirconi
Tutte queste particolarità si fondono magistralmente
in oggetti dal disegno esclusivo, che affascinano,
destinati ad esaltare il loro valore
con il trascorrere del tempo.

made in Italy

Happiness of living, elegance and passion, in these concepts are melted the talent and the liveliness of Oreste Fiorini, his maniacal performance of working, focused to the particular, makes items of our production unique and elegants, expressions of a life style that considers the Art as an important component of daily life.
